

Superior Blocks

Procurement Consulting Snapshot

Built with clarity. Guided by purpose.

Kaizen Procurement Process Improvement

Optimize procurement processes, workflows, approvals, and templates using lean principles.

- • Streamlines processes
- • Eliminates redundancy
- • Frees teams from manual bottlenecks
- • Delivers faster cycles with fewer errors

Procurement Maturity Assessment

CMMI-style maturity scorecard with a custom roadmap for intake, policy, and process alignment.

- • Diagnoses operational gaps
- • Enables procurement investment prioritization
- • Supports scalable growth

SaaS Tool Rationalization

Analyze tool usage and cost-to-value across the software stack.

- • Identifies tool overlap and underutilization
- • Unlocks direct cost savings
- • Simplifies vendor portfolios

Contract Review Routing

Design trigger-based workflows for Legal, Security, and Finance reviews.

- • Ensures consistent routing

Superior Blocks

- • Improves alignment
- • Boosts compliance

Tropic System Health Check

Audit categories, alerts, renewals, and reporting workflows.

- • Improves Tropic visibility
- • Reduces missed renewals
- • Eliminates reactive spend

Procurement Policy Toolkit

Deliver decision matrices, escalation rules, and training guides tailored to your org.

- • Reduces confusion
- • Improves cross-team clarity
- • Minimizes exceptions
